Flipstik® 3.0

Full-Color Sticky Phone Stand

Take hands free selfies using NASA approved technology! The Flipstik® 3.0 Sticky phone stand has a reusable "synthetic Setae" adhesive developed from NASA research that holds up your phone to take hands-free videos, attend meetings, watch your show on the airplane and more!

- Works on any clean surface from glass, metal and more
- Last for 1000s of sticks with a simple cleaning with soap & water or alcohol wipes for stronger cleaning
- Holds up to 2 lbs
- Works as a kickstand to watch horizontally

FLIPSTIK WORKS ON ANY PHONE
