

Elyse 22 oz Eco-Friendly Leak Proof Vacuum Silicone Straw Tumbler

DTM-ES26

Congratulations on your new distinctive drinkware!

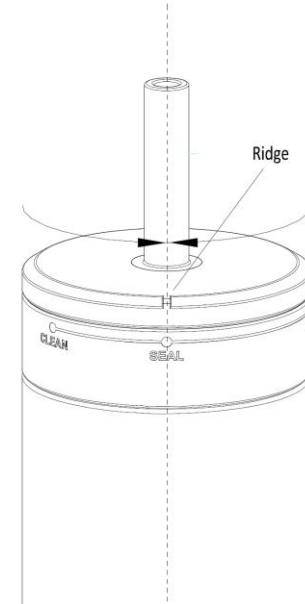

Here are a few helpful tips to enhance your enjoyment.

- Wash all parts in warm soapy water before using. Do not use cleansers with bleach or chlorine to clean this product.
- Suggest for cold beverage only. Drinking hot beverages with the straw is not recommended.
- This product is able to keep liquids cold for a considerable period of time.
- Do not over fill. Liquid may escape through the drinking hole when fastening the lid.
- Always ensure the lid is fastened securely before drinking.
- This product is not for use in a microwave oven and is not dishwasher safe. Recommended to hand wash only.

Following the instructions below for usage and clean.

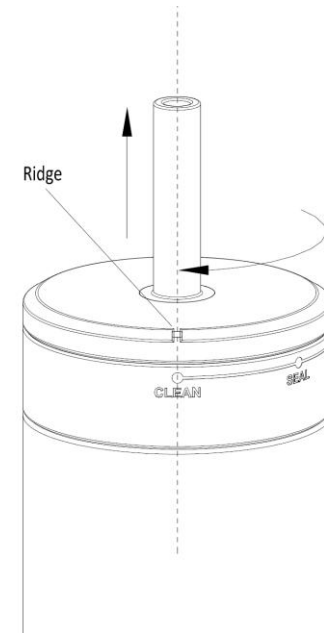

- i. Rotate the top cover closure to seal the drinking straw when the "Ridge" on the top cover aligns with the "SEAL" on the main lid.

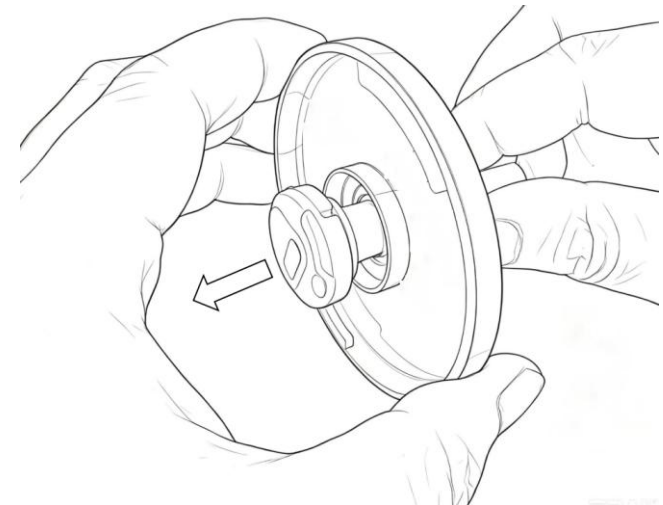

- ii. Rotate the top cover closure. You can enjoy sipping from the silicone straw when the "Ridge" on the top cover aligns with the "SIP" on the main lid.

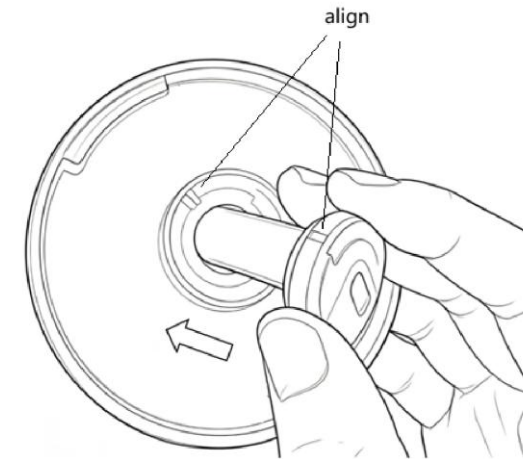

- iii. Rotate the top cover closure. The top cover closure can be disassembled when the "Ridge" aligns with the "CLEAN" on the main lid.

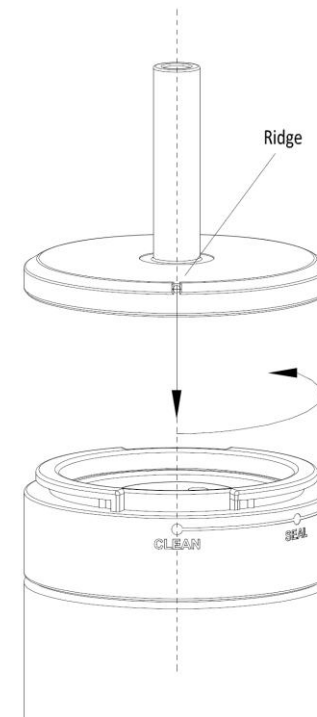

- iv. Hold the top cover closure with one hand, push the silicone straw base by another hand as the instruction sketch shows, the silicone straw part can be disassembled for easy cleaning.

- v. When assembling the silicone straw back to the top cover closure, please align the positioning points as the instruction sketch shows, then push the silicone base hard to install itself back to the top cover closure.

- vi. When assembling the top cover closure to the main lid, please align the "Ridge" on the top cover closure with the "CLEAN" on the main lid as the instruction sketch shows, then rotate the top cover closure to the left to either the "SIP" status or the "SEAL" status.
