# FitPro True Wireless Sport Earbuds with Antimicrobial Additive Instruction Manual EHE-FP21

# READ ALL INSTRUCTIONS CAREFULLY BEFORE USE AND KEEP THIS MANUAL

## In the Box

- FitPro True Wireless Sport Earbuds (x1)
- Extra Ear Tips (x2) User Manual (x1)
- Power Cable (x1)

## **Safety Precautions**

- This product is NOT a toy, keep away from children and pets.
- Only use the device according to the instructions in this manual. Never use the device for anything other than its intended purpose.
- This device is NOT a substitute for proper medical equipment or attention.
- ONLY use the supplied power cable.
- Do not open this product or attempt to repair the unit yourself if it is not working properly. Doing so risks fire, shock or injury.
- When not in use, the device should be stored in a dry, cool location, away from sources of water or heat.
- Do not expose device or power cable to extreme temperatures (heat or cold), open flames, humid or wet conditions.
- Do not submerge in water. Do not use in a location where the device or power cable could fall into liquid.
- Unplug the charging cable when not in use. Do not pull the charging cable to disconnect, or use the cable as a handle.
- Do no use if device or power cable is damaged. If device or power cable is damaged, it MUST be serviced or replaced by the manufacturer or its service agent before using again.
- Low battery may cause dysfunction.
- Do not over charge battery.
- This device contains a built-in battery and should not be disposed of with regular household waste. Please consult the local authorities on the correct way to dispose of this device.

### Instructions

# **Charging the Earbuds**

- Place the right and left earbuds into the corresponding slots so that the magnetic metal charging contacts line-up correctly.
- The charging LED on the earbuds will glow RED and the charging LED on the power case will glow BLUE. Your earbuds are now charging.
- Once your earbuds are fully charged, the charging LED on power case and earbuds will turn off.
- · You will hear a beep prompt when the earbuds need recharging.

## **Charging the Power Case**

Plug the small connector of the included charging cable into the micro-USB charging port on the power case.

- Plug the large connector into a USB power source, such as the USB port on a computer or into a compatible 5V USB adapter (not included) and plug into a wall socket.
- The charging LED on the power case will flash RED when charging and the charging LED will stay solid RED when fully charged.

## Pair & Connect with a New Device

- The earbuds will turn on automatically once they are removed from power case. The LED indicator on earbuds will blink alternately RED and BLUE indicating that it's in pairing mode.
- Open the Bluetooth menu on your smartphone and search for new devices.
- When you see "FitPro Sport Earbuds" listed, tap it to connect.
- Once connected with your device, there will be a beep and the LED indicator on earbuds will flash BLUE.
- Previously connected earbuds will connect automatically after they are powered on.
- The earbuds will power off automatically if you do not connect to the earbuds in 3 minutes.

### Play & Calls

- Press the multi-function button on either side to play/pause your audio.
- Press the "-" button on either side to skip to previous track;
- Press and hold the "-" button on either side to decrease volume.
- Press the "+" button on either side to skip to next track;
- Press and hold the "+" button on either side to increase volume.
- Press the multi-function button on either side once to answer an incoming call, and again to end the call.
- Press and hold the multi-function button on either side to reject an incoming call.
- Double press the multi-function button on either side to activate Siri (iOS devices) or Google Voice Assistant (Android devices).

## **Antimicrobial Additive**

The casing and buttons of the earbuds and charging case are made with an antimicrobial additive, which prevents germs and bacteria from growing on the earbuds and charging case.

# **Tech Specifications**

- Connection Range: Up to 33 feet
- Playback Time: Approx. 4 hrs (Earbuds) / Approx. 18 hrs (With Case)
- Battery Capacity: 40mAh x2 (Earbuds) / 400mAh (Case)

# Troubleshooting

Issue	Reason	Solution
start-up failure	low battery	recharge earbuds and power case
shut down automatically	low battery	recharge earbuds and power case
no sound when paired	wrong pairing	re-pairing the earbuds with your device
no indication during charging	earbuds aren't securely inserted	check earbuds, insert securely and try again
noise during calls	too far away from mobile device	bring mobile device closer
signal interrupted	environment disturbance, too far away from mobile device	bring mobile device closer
low volume	earbuds are turned down low	adjust earbuds to comfort & sound

# FCC Information

This device complies with Part 15 of the FCC Rules.

**Caution:** Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause

harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
