

SWIRL PORTABLE HUMIDIFIER WITH LIGHT

INSTRUCTION MANUAL

WHF-SW25

READ ALL INSTRUCTIONS CAREFULLY BEFORE USE.

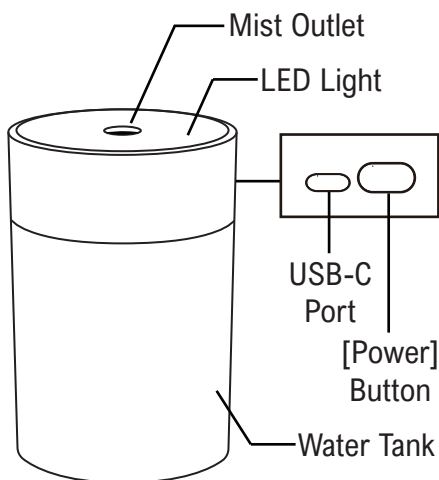

IN THE BOX

- WHF-SW25 Swirl Portable Humidifier with Light (x1)
- Replaceable Cotton Wick (x1)
- Retaining Spring (x1)
- Charging Cable (x1)

SAFETY PRECAUTIONS

- This device is NOT a toy, keep away from children and pets.
- Only use the device according to the instructions in this manual. Never use the device for anything other than its intended purpose.
- Do not open this device or attempt to repair the unit yourself if it is not working properly. Doing so risks fire, shock or injury.
- When not in use, the device should be stored in a dry, cool location, away from sources of water or heat.
- Do not expose device or charging cable to extreme temperatures (heat or cold), open flames, humid or wet conditions.
- Do not submerge in water. Do not use in a location where the device or charging cable could fall into liquid.
- Unplug the charging cable when not in use. Do not pull the charging cable to disconnect, or use the cable as a handle.
- Do not use if device or charging cable is damaged. If device or charging cable is damaged, it MUST be serviced or replaced by the manufacturer or its service agent before using again.

PRODUCT DIAGRAMS

INSTRUCTIONS

The humidifier should always be placed on a firm and flat surface when using.

HOW TO INSTALL

- Pull the top humidifier unit upward firmly to open the water tank.
- Place the retaining spring into the positioning slot at the bottom of the tank, then insert the cotton wick.
- Fill the tank with clean tap water to about 75% of its capacity.
- Place the top humidifier unit back onto the tank. When closing, ensure that one end of the cotton wick aligns with the positioning slot at the bottom of the tank, and the other end aligns with the hole at the bottom of the humidifier unit.
- Make sure the humidifier unit and the water tank are properly aligned and fully secured.

HOW TO USE

- Place the humidifier on a firm, flat and stable surface.
- Plug the small connector of the included charging cable into the USB-C charging port on the humidifier.
- Plug the other end of the cable into a USB power source, such as the USB port on a computer or into a certified USB adapter (not included), and plug into a wall socket.
- The LED light will **flash and turn off** indicating the humidifier is in standby mode.
- Press the [Power] button to turn ON the humidifier. The humidifier will enter continuous spray mode.
- Press the [Power] button again to switch to intermittent spray mode.
- Press the [Power] button again to turn OFF the humidifier.
- Press and hold the [Power] button to turn on the LED light on the top of humidifier.
- Press and hold the [Power] button to switch lighting mode between cycling, fade and white.
- Press and hold the [Power] button again to turn off the LED light.
- The humidifier will automatically shut off after 3.5 hours of use to prevent the tank from running dry.

NOTE

- Please make sure the cotton wick in the humidifier is completely soaked for a few minutes before using the misting function.
- It's recommended to use clean tap water for the humidifier only.
- **DO NOT** add essential oils to the humidifier. Doing so may clog the cotton wick and cause the unit to malfunction.
- It's recommended to wash the water tank once a week.
- It's recommended to replace the filter cotton swab every 3-4 weeks.

TECH SPECIFICATIONS

- Rated Power: 2W
- Power Input: DC 5V/300mA
- Water Tank Capacity: 6.76 oz (200ml)
- Spray Output:
 - 0.68 oz (20ml) per hour (continuous spray mode)

FCC INFORMATION

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
