

D-I-Y Sand Candle

WHO-DY26

Kit includes:

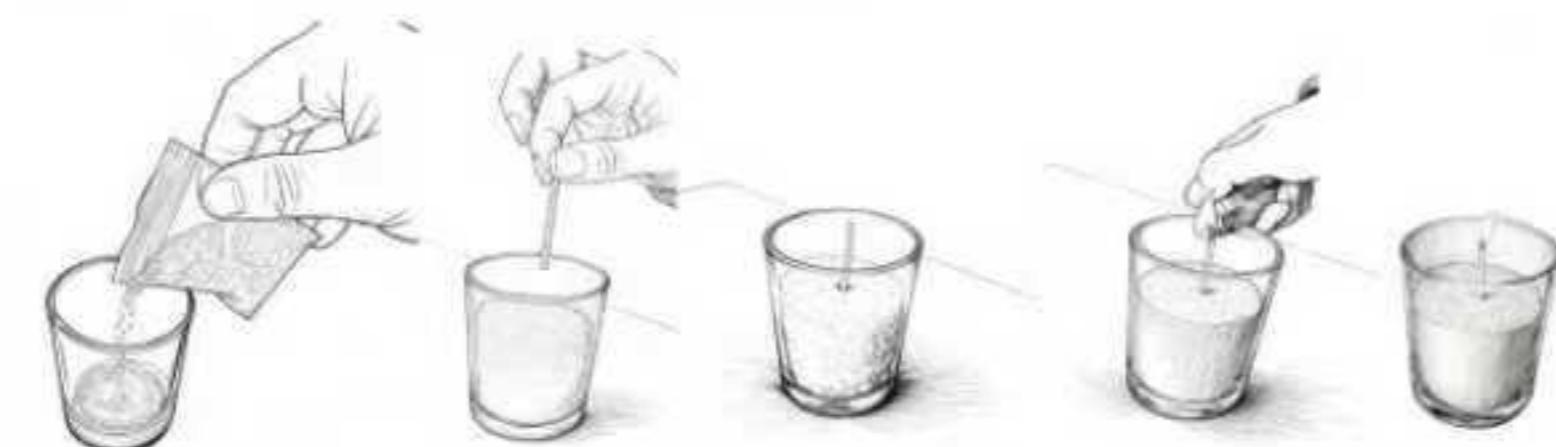

- 3/4 oz per color x 4 different colors = 3 oz total sand
- 5 pieces of cotton wick
- 1 glass container

Candle Beads: These high-quality wax beads melt evenly to create beautifully smooth, clean-burning candles. Whether you're crafting for home decor or gifts, they ensure a flawless finish and a premium feel that elevates any setting.

Premium Plant-Based Sand Candles for a Safe Experience: Made from high-quality plant wax, these sand candles emit a subtle botanical fragrance when cooling and burns smokeless and odorless. Long-lasting burn time for extended use, repeated use, or creating multiple candles.

Use the steps Description:

1. Take out the glass cup and place it on a flat tabletop.
2. Pour the candle beads into the glass as needed.
3. Ensure even distribution of the sand wax, insert the wick vertically.
4. Light the wick with fire and then start using it.

⚠ Warning:

1. Burn within sight.
2. Keep away from things that catch fire. Keep away from children.
3. Never leave burning candle unattended.
4. Keep away from flammable materials and drafts.
5. Keep out of reach of children and pets.

CAUTION - NOT FOR CHILDREN UNDER 3 YEARS

1. Adult supervision required at all times during use.
2. Do not place candles near fabrics, paper or other flammables.
3. Discard broken or damaged candles immediately.
4. Use only on a level, fire-resistant surface.
5. Do not burn longer than 1 hour continuously.
6. Only DIY and burn the sand candles in the accompanying glass container. Do not use any container made of flammable materials for DIY!
