

## Gap 3-in-1 Cleaning Brush

WHO-GP25

Gap 3-in-1 Cleaning Brush is designed to clean unique crevices in a drink vessel.

- Use the “U” shaped brush to clean the tracks in the rim where a lid is secured
- Twist out the small two sided brush, snap into position, and use to clean straw holes
- Twist out the straight line brush, snap into position, and use to clean the inside of the lid
- When finished, twist each of the two brushes to snap them back into the handle
