

# Bento Stainless Steel/PP Lunch Box With Utensils

## WKA-BE26

### Heating Method 01 **Hot water heating**

Pour hot water into the lunchbox before placing the stainless steel tray on top. Wait a moment before opening for use.

### Heating Method 02 **Microwave Heating**

Remove the lid and stainless steel tray, then place the lunchbox in the microwave.  
**Notes: the lid and stainless steel tray must not be placed in the microwave.**

### Built-in Tableware

The lunch box comes with a built-in spoon and fork, featuring easy storage, convenient portability, and space-saving design.
