Sentry Rechargeable Alarm & LED Light with Carabiner
WLT-SE26

Instructions

How to use it?

When threatened, to activate alarm and LED light flash to create a diversion and to help deter an attack.

1. Pull out the top pin, to activate alarm and LED light flash.
2. Push in the top pin to stop alarm and turn off light.

LED Light Function:

Press the side button, the LED light will turn on; press the button again, the LED light will flash; press the button once more, and the light will turn off.

Rechargeable Battery:

Includes a rechargeable lithium battery. When voltage is lower than 3V, the red light will blink as a reminder to charge the battery. Use the Type C USB cable to charge and a blue light will display - when full power is reached, light will turn off.

Warning Notice:

1. When testing the alarm sound, please keep your hand on your ear to avoid tympanic membrane injury.
2. This item is NOT waterproof, please keep in dry location.

Warning: Do not disassemble, puncture, squeeze, heat or put the battery into fire.
