

Touchline Portable Stool with Carrying Case

WOR-TO26

Product Manual

1. Grasp the bottom tube and pull it apart to separate the four joints of the legs.
2. Rotate the left and right sides in opposite directions to cross the legs at 180°.
3. Place the legs with their bent sections facing outward.
4. Close the cover and zip up to complete storage.

Attention!

220 Pound MAX.
